

AVerMedia DVD EZMaker PCI

Turn Home Videos into DVDs

Capture, Record, and Enjoy! It's that simple! The AVerMedia DVD EZMaker PCI is a complete package that allows you to create DVD quality home videos on a CD or DVD in real-time. It is the ideal solution for capturing videos from analog devices to a CD, DVD, or your PC. The DVD authoring capability enables you to turn video to DVD in an easy one-step process! You can also re-edit the previously recorded video and re-burn it onto the same DVD. AVerMedia DVD EZMaker PCI allows you to perform basic editing functions, like add titles, audio overlay on to your video clips, and much more!
