

AVerLife Cinema

Enjoy Movies, Photos & Music Files on Your TV

Have all your videos, movies, music and photos on your computer or external hard drive? How about bringing them all together, without the use of a computer and view them on your TV. Now you can and it's easy!

Witness Multimedia, up Close

AVerLife Cinema is your solution for viewing your media files (Video, music or photos) directly on your TV. The convenient front mounted Hi-Speed USB 2.0 and Card Reader inputs support a wide variety of the most popular media file formats.

The AVerLife Cinema is equipped with Component, Composite and HDMI output connectors. It's a simple and affordable way to view digital media content on your TV or over head projector. Simply connect the AVerLife Cinema, plug-in your input source and you're ready to enjoy all of your Digital Media content.

The AVerLife Cinema has an intuitive user interface and included remote control that allows the user to navigate easily through their media library.

With photo slideshows, transitions, zoom capabilities and background music you can customize your memories and share them with family and friends.

Now you can sit back, relax and experience your videos, music and photos on your TV without having to leave the comfort of your couch.
